 Action Required

Where You Are Now

 **Verified as Present:** Listing is present: We may or may not be able to change any details. If the information on the listing isn't up to date, we will try to claim it or do a public edit.

 **Submitted:** Listing may or may not have been present: If the listing was present, we may have done a public edit to update. If listing was not present, we have created the profile.

 **Pending:** The listing is currently pending publication and is not live: Certain sources may be pending for a couple days up to a couple months. We check monthly with our safeguard program for pending listings and will contact the directory if too much time passes without it going live.

 **In Progress:** Not yet submitted: Awaiting confirmation email from source to activate the business profile listing.
